

Manila, Philippines

May 10, 2005

Dear Relatives,

Felix Rodriguez sired eleven children. Peping Rodriguez, Jesus Rodriguez, Paquita Cedro, Pacing Reyes, Mayola Locsin, Loleng Sicangco, Maring Falcon, Conching Dumancas, Coleng Villaluz, Estela Lopez and Dodoy Lastimosa. They were the second generation.

Fast forward, year 2005, the third and fourth generations would surely number now in the hundreds. For some, the family names are still familiar. But for most of us, we simply have no idea how we are related to one another. Our Lolo Felix Rodriguez surely love children and family with many that he brought into this world. In tribute to this great man we call Lolo, let's celebrate as one big family, share memories, and update our family tree, and most of all break bread together.

In behalf of the Felix Rodriguez-Encarnacion Soriano clan, this is an opportune moment to invite you all to our reunion. It will be on May 21 to 22, this year. The venue is Yahweh's Springs at Pansol, Calamba, Laguna, 40 or so kilometers south of Manila. 150 family members can be accommodated.

Registration time is 1 p.m. Saturday, May 21. The resort has rooms for the overnight stay and dormitories for big groups. If you have specific requirements, please let the Working committee know. Most important of all, let us know of the number of attendees by sending back (email, fax, mail) the attached registration form.

The resort's swimming pools and slides will keep the kids and young at heart active. Mahjong to the clan is a must so bring your sets and lucky tables(the resort can only provide one table/majong set) . Dinner, acquaintance program, talent show, speeches, songs, dances, etc. will be the night's line up of activities. A power point presentation of he family tree will surely be of interest to us all.

Morning of Sunday, we will have our mass before breakfast. Then it's time for all generations to bond. Some groups will update the family tree. The next reunion will be discussed as well.

To make this reunion a real family get together, you can bring along snacks, fruits from Dole, even seafoods from Surigao del Sur, piyaya from Negros, your latest experiment using your favorite recipes. Bring old pictures of the family, of past reunions for nostalgic trip down memory lane.

The affair would be a great success with the help of those who can afford to share their resources, if not their presence. Dear cousins and uncles and aunts, we will be very happy to receive your support. Needless to say, this will be shared with those who have talents and energy but are still trying to get to where you are now. You may send your share to any of the relatives who will be attending or you may advise any of the volunteers/organizers about your secret donations.

Let the year 2005 another year of more bonding, kinship and networking. If you think you have been self-propelled all this time, think again. You will be tickled pink to know some of your traits and talents can be traced to someone else in the clan of Felix Rodriguez and Encarnacion Soriano.

As a clan, we can start caring for one another.
